LiUNA!

Feel the Power

If you want to go fast, go alone; If you want to go far, go together.

April 8, 2021

To whom it may concern:

Deandra Smith was an apprentice in SNLTT Laborers Local 872 and became a journey-worker in 2018. In her time as an apprentice Deandra took required classes on time and completed work assignments as required.

She worked for several contractors during her time performing duties such as flagging, water truck, demolition, and clean up. Her work was always acceptable and she was requested back for employment from several contractors after completing job assignments for new starting jobs.

Deandra was a good apprentice in the program and I never had any problems with her work or attitude while in our apprenticeship program. Deandra followed policy and procedures, maintained a good work ethic and positive demeanor during her time in the SNLTT Apprenticeship Program.

Deandra readily volunteered for projects at Women's Shelters and other community based projects we performed while associated with the apprenticeship program. If available she had no problem with giving a hand in work around the community or assisting in activities to help others.

If you have any questions please contact me at the information listed below.
